Harewood House in Leeds is home to the Queen's cousin, the Earl of Harewood, and provides a great day out for all the family. The House, with its outstanding art collections, splendid State Rooms and fascinating 'Below Stairs' exhibition, is set in spectacular grounds, which include formal gardens and gentle woodland walks. A visit to Harewood offers the opportunity to marvel at the collections in the House, explore the Gardens and Bird Garden, take a boat trip across the lake, while youngsters can enjoy the challenge and excitement of the Adventure Playground!
